A screw extractor is a tool for removing broken or seized screws. There are two types: one has a spiral flute structure, commonly called an easy out after the trademarked name EZ-Out; [clarification needed] the other has a straight flute structure. Screw extractors are intentionally made of hard, brittle steel, and, if too much torque is applied, can break off inside the screw that is being ...

Brinelling / Brinell / is the permanent indentation of a hard surface. It is named after the Brinell scale of hardness, in which a small ball is pushed against a hard surface at a preset level of force, and the depth and diameter of the mark indicates the Brinell hardness of the surface. Brinelling is a process of wear in which similar marks are pressed into the surface of a ...

Few works of political and cultural theory have been as enduringly provocative as Guy Debord's The Society of the Spectacle. From its publication amid the social upheavals of the 1960s up to the present, the volatile theses of this book have decisively transformed debates on the shape of modernity, capitalism and everyday life in the late twentieth century.
