Operations research, or operational research in British usage, is a discipline that deals with the application of

advanced analytical methods to help make better decisions. Further, the term 'operational analysis' is used in the British (and some British Commonwealth) military as an intrinsic part of capability development, management and assurance.

L'analyse des données (aussi appelée analyse exploratoire des données ou AED) est une famille de méthodes statistiques dont les principales caractéristiques sont d'être multidimensionnelles et descriptives. Dans l'acception française, la terminologie « analyse des données » désigne donc un sous-ensemble de ce qui est appelé plus généralement la statistique multivariée.
