

ice sculpting the modern pdf

Sculpture is the branch of the visual arts that operates in three dimensions. It is one of the plastic arts. Durable sculptural processes originally used carving (the removal of material) and modelling (the addition of material, as clay), in stone, metal, ceramics, wood and other materials but, since Modernism, there has been an almost complete freedom of materials and process.

Sculpture - Wikipedia

An ice luge, martini luge, or shooter-block is a type of ice sculpture made from a large block of ice that has a narrow channel carved through where liquid is poured, such as liquor products. Some are professionally produced from sculpturing or from molds, and some are homemade. Ice luges are sometimes offered in ice bars, and have also been used for serving oysters.

Ice luge - Wikipedia
